## CUMBUM CRUSADE – Oct 2015

Once again it was a life-changing experience for all of us who had the privilege to be part of the outreach to Cumbum, in Andhra Pradesh, India.

Thousands of people gathered daily to listen to the “Good News” and the response was overwhelming to say the least. Almost everyone on the ground raised their hands with the altar call and I made sure they understood that Jesus is the only God and that they cannot add Jesus as one of their millions of gods.

It was only the second time since we started having mass crusades that we had to endure bad weather (rain). On the 3<sup>rd</sup> night of the crusade, as I was 3 quarters of the way through the message, when it started pouring with rain. People took the plastic sheets on the ground that they were sitting on, to cover themselves but it didn't help much. Later on they just stood in the rain and enjoyed the blessing from above.

Many people left but some remained even in the rain and as the rain started to subside, I continued with the message. Needless to say, those who remained, received a double blessing and when we gave the opportunity for testimonies on the last evening, we were overwhelmed by the number of testimonies that came from those who endured the rain and stayed for the prayer.

One lady and her daughter came forward with her grandson to testify how her grandson was healed on the night of the rain. When they went home after the prayer, he played for the first time since an operation which he had and had not recovered from. The mother was in tears of thankfulness. We thank God.

Cumbum will never be the same again. Some of the team members participated in street evangelism in the afternoons and they came back with great report. When the community saw them in the streets they wanted them to lay hands on them and pray for them. The word was out that Jesus was in town and if you get touched by Jesus, you will never be the same again.

The pastor's conference was very blessed. This time we added Willem and Esthie Steyn to our programme. They did a session and spoke on the topic that "Two is stronger than one". The session focused on the marriage relationship

between a Pastor and his wife. The report afterwards was that it was a very necessary topic and both husbands and wives found it to be very informative.

I focused on Evangelism and the Holy Spirit Impartation and Debbie spoke about “being under God’s protection”.

We were also blessed with 6 people, namely Alice Pitzer, Clasina Erasmus, Jaco Griesel, Esthie & Willem Steyn and their daughter Marika Steyn who joined us on this life-changing event. The community of Cumbum were also truly blessed by their presence.

Debbie and I left India on Sunday, 4 October and first went to Kathmandu to have a meeting on Monday the 5<sup>th</sup> October with the core team organizing the November 2015 outreach in Nepal. This meeting was a great success and I believe that the crusade is going to be a life changing event for Nepal.

Nepal recently decided to become a secular state as it was a Hindu state before. This opens up the door for evangelism which is good news. Nepal has about 32 million people as a population and only 1% are Christian.

Something you will probably only see in Nepal. When the bus is full inside, they sit on the roof without any safety belt or anything to keep them put.

If you would like to join us on this life changing campaign starting 22 November to 24 November in Kathmandu, Please contact me.

Thank you for your support and prayers.

God bless you
