

NEWBORN MINISTRY IN INDIA – OCTOBER 2014

This was our second crusade and conference in India this year. There is such a hunger for the gospel in India!

People are hungry for the truth and thousands flocked to the four-day crusade in Piduguralla in the province of Andra Pradesh.

Approximately 500 pastors attended the three-day conference which was held from Monday 20 October until Wednesday 22 October.

The Pastors listened attentively and made notes during the sessions. One could sense that they themselves are eager to learn more and to be ministered to.

Every night someone prominent in society came to give their testimony. One such a person is the actor Surya. He has already played in 500 movies and the people hung on his lips as he gave testimony of what Jesus did in his life.

We were also privileged to have guests from South Africa attending the life changing event. It really stirs our hearts when we see and hear their testimonies after attending one of our crusades. These crusades are truly life changing, not only for the people attending on the ground, but also the guests who join us on the crusades.

The testimonies we received from them are truly a blessing and we hope that more people will take up the invitation in future.

We were once more blessed by the testimonies of so many people who got healed and delivered during the event, but the greatest miracle of all is the thousands who got saved.

The church is now following up on the commitment cards and we have already had reports of churches that reported that new members have joined their churches.

Seeing that it is raining season in India, many of our partners prayed for good weather. God is awesome! On Monday I received a report that said that it started to rain over the weekend and even during the crusade people reported rain 5km from the crusade ground, but on the ground the only rain we experienced was “Holy Spirit Rain”. Halleluja!!

We will finish off 2014's outreaches with an outreach in Senekal, South Africa.

Please keep us in prayer and thank you so much that we can count on your prayers and support.
