

# NEWBORN MINISTRY IN TANZANIA – JUNE 2016 –

## NEWSLETTER 2

### LAMADI FOR JESUS

We have just completed the second crusade and conference in Tanzania in Lamadi. God is great!! I have no doubt that He accomplished more than we can pray and think.

I am reminded of the film “Ordinary People” made by Angus Buchan in which it shows the before and after affect, the Gospel has on people and families. It’s sad that we don’t get to see how the crusade transformed the lives of so many people, families and the community of Lamadi.

What was inspiring was to hear about a man who got saved during our Dar Es Salaam crusade years ago and now he is a mighty evangelist, winning souls for Jesus.

We have the following aim when we conduct these crusades and conferences:

- Salvation,
- Unity amongst churches and Pastors,
- Follow-up of converts and discipleship.

Sunday morning I conducted a church service in Lamadi. The church as full and several people reported they got saved at the crusade and were now joining the church.

God is awesome, His plans are perfect!

The church service was electrifying and the Holy Spirit moved powerfully. When we left the church service we were taken to a lady who stood several metres from the church and who started manifesting. The Holy Spirit is everywhere!!

The crusade was well attended for the size of the town. These crusades have great impact on small communities!!

The second last night rain came down on the ground. Notwithstanding, God still gave us a harvest for the Kingdom.

Satan is a liar!! He had so many people in bondage. Africa still suffers a lot because of witchcraft. Many people manifested and got delivered at the crusade.

People testified how God healed them from all sorts of sicknesses. Jesus is alive!!

We were blessed with the presence of Brian and Natasha van Tonder and Brian's brother, Paul.

Natasha ministered at one of the sessions of the Pastor's conference and it was well received.

Every night the van Tonders would lay hands on the sick and those who were possessed and they can testify of the power that is in the Name of Jesus.

It was awesome to have my wife Debbie back at my side. Man is not meant to be alone!!

A young ex-Muslim man joined our crusade this time as one of the speakers and dancers. Every day before we arrived at the crusade he would give his testimony of how Jesus appeared to him while still a Muslim and how Jesus converted him to Christianity. A powerful testimony! He was trained as a commander to fight for Islam in several countries including Saudi Arabia, but Jesus gave him a heart of flesh. The last time he was with his family was in 2010 as he is now treated as an outcast because he accepted Jesus as Saviour.

He has now adopted the name John. We recorded his testimony. Should you be interested to get a copy, please e-mail us at [salvation@newbornministry.com](mailto:salvation@newbornministry.com)

Thank you for praying for the crusade. God bless you for being a partner of Newborn Ministry.

The next crusade is in August in Uganda.

Blessings

The Newborn Ministry Team
